

Exercise - Tables

Make the following tables in word.

Name	Weight (kg)	Acceleration (0 - 100 km/h)	Fuel consumption (l/10 km)
VOLVO 745	1430	12,0	0,90
OPEL OMEGA	1330	11,5	0,85
SAAB 9000 CC	1400	11,0	0,91
AUDI 100 AVANT	1490	10,2	0,95

Pass from A to Z and try to make the sum

- a) as small as possible
- b) as big as possible

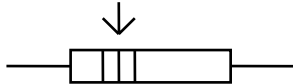

A	1	2	3
7	6	5	4
8	9	10	11
12	13	14	Z

A		1	VERTICAL	3	
7		6		4	
		8	9	11	
12	THE END				

Fill the magic square so that the sum of the numbers in each row, column and diagonal will be 27. Only the odd digits are to be used in the square.

		3
1		
	5	

In this table tabs are used to get straight edges. You move between tabs inside the table by pressing CTRL at the same time as tab.

black	0	<p>Coloured bands</p> 
brown	1	
red	2	
orange	3	
yellow	4	
green	5	
blue	6	
violet	7	
gray	8	
white	9
